Living area: 450m²
Plot: 1.257m²
Bedrooms: 3
Bathrooms: 3

Energy Certificate: In Progress

Ref. 20788

South-west facing. The villa is currently under construction process and is part of an exclusive residential project consisting of 3 luxurious villas.

These new modern contemporary villas will be constructed with high-end building materials and the design will be with high ceilings for the living areas and the bedrooms with large glass front windows for optimal light flooded spaces.

Large outside covered and uncovered terraces will be created next to the remarkable outside pool area to enjoy the beautiful sea views and the long warm Mallorca summer evenings.

The living area of 450m² is planned to be distributed over 2 floors:

Entrance level: The living room, the dining area and the open plan designer brand kitchen are styled as a half open loft spaced area.

Lower floor: Large master suite with dressing area and bathroom. Two further guest bedrooms, each with private bathroom.

The villa is due to be finished by spring 2019.

Santa Ponsa is very well known for its remarkable infrastructure, sandy beaches, three golf courses and two yacht harbors. The area of Puerto Portals and Port de Andratx are reachable within a 15 minutes' drive.

Features

Sea View, Private pool, Various terraces, New build, Design villa
