South orientation

Unique property located in a fabulous environment, only 15 minutes away from Palma, surrounded by mountains. The main house is built around a beautiful patio, and offers various possibilities of designing your dream home. The living space is about 1250 m² and the plot 50.000m². Because of the size of the property it presents itself ideally to be converted into a country hotel. However, a full renovation of the building and installations is required. A project for a country club exists which could also be converted into a private residence or a rural hotel.

It's a very special property with a huge potential.
